

# Share your thoughts on a new Bike or Scooter Share program coming to San Mateo County!

The City/County Association of Governments (C/CAG) of San Mateo County is launching a new Bike Share and Scooter Share pilot program. We want to understand your needs and preferences to design a program that works best for the community. In partnership with the Silicon Valley Bicycle Coalition, from December 2023-February 2024, C/CAG is reaching out to residents, workers, and visitors in the cities and communities of Daly City, Broadmoor, Colma, Redwood City, and North Fair Oaks.

## What is Bike and Scooter Share?

Bike and Scooter Share refers to bicycles, electric bicycles, or electric scooters that may be borrowed as part of a self-service rental program. Users can reserve and pay for the service to make short trips and connect to transit stops. Bike and Scooter Share programs are typically available at libraries, shopping centers and other destinations. They can provide a fun, active, and traffic-free option to get around, contributing to healthier and more sustainable communities.

## Here's how you can participate.

**Tell us about your day-to-day experience getting around and what type of program would work best for you.**

**We'd like to hear from you via the survey and mapping activity below:**

## Who is C/CAG?

C/CAG, the City/County Association of Governments (C/CAG) of San Mateo County, works on issues that affect the quality of life in San Mateo County: transportation, air quality, land use planning, hazardous waste, climate planning, energy, water resources, and waste management. C/CAG operates as a Joint Powers Authority and has membership that includes each of the 20 cities and the County in San Mateo County.
